Approved PACE Program Provider FAGD/MAGD credit. Approval does not imply acceptance by state or provincial board of dentistry or AGD endorsement. 12/1/2015 to 11/30/2017 Provider ID# 215694
Are you interested in placing or restoring dental implants? Or do you want to enhance your current implantology skills? If “Yes,” Dr. Garg’s Implant Dentistry Continuum is PERFECT for you. In four, 2-day sessions, you will learn the latest concepts, techniques, and technologies required to successfully place and restore implants in your practice.

- Earn up to 88 CE Hours (CE Credit hours will be awarded based on actual hour-for-hour attendance)
- The Implant Dentistry Continuum’s intensive curriculum offers a focused, convenient schedule to accommodate your busy life.
- This program is intentionally spaced-out to promote a functional and practical on-going learning format. This enables you to take the knowledge gained in each session and apply it immediately in your practice prior to the following session.
- During each session, you will discuss your office experiences with the instructors, receive additional coaching, and learn additional surgical and restorative skills.
- Dr. Arun Garg is a professional educator with nearly 20 years of faculty experience training residents. He has published 8 books and written over 150 journal articles.
- In the Continuum, you will learn a comprehensive and consistent approach to implants instead of a scattered approach from multiple trainers sponsored by different implant companies. You will receive information, not infomercials.
- With hands-on workshops, you won’t just sit and listen; you will perform. Using soft tissue and prosthetic models, you will sharpen your skills under the watchful eyes of the faculty before returning to your office. Plus you will perform multiple implant and related surgeries on a cadaver specimen.

It takes confidence to place dental implants. When you participate in the Implant Dentistry Continuum, your confidence will come from being skilled at what you do, and from having the people around you who provide support and inspiration during the various stages of learning.

At the final session, you can elect to take the written examination for Fellowship status with the International Dental Implant Association.
Continuum Schedule

- Registration and continental breakfast at 7:30am
- Each session consists of 2 intense days from 8:00am - 5:00pm
- Following each session, join your peers and review cases during our optional Treatment Planning from 5:00pm - 8:00pm

Session 1
- Biology of osseointegration, patient evaluation for dental implants, step-by-step treatment planning for dental implants
- Review of graft materials, review of membrane barriers, socket preservation techniques after tooth extractions

Session 2
- Implant placement from A-Z
- Implant placement and related surgeries workshop on a cadaver specimen

Session 3
- Suturing, soft tissue grafts, and soft tissue management. Lecture and workshop on pig jaws
- Impression techniques, abutment selection and preparation, removable prosthetic options with lecture, and workshop on a prosthetic model

Session 4
- How to increase the number of implants you place and restore by improving your marketing plan and case acceptance procedure/recruiting and training your staff
- How to avoid and handle implant complications
Implant Dentistry Continuum Facts:

- Since 2006, more than 3000 dental professionals have attended the Continuum lectures, seminars, and hands-on workshops.
- Attendance and graduation rates grow each year.
- Students report a significant return on investment (ROI) from their Continuum investment.

ARUN K. GARG, D.M.D.

Dr. Arun K. Garg earned his engineering and dental degrees from the University of Florida, and then completed his residency training at the University of Miami/Jackson Memorial Hospital. For nearly 20 years, Dr. Garg served as a full-time professor of surgery in the Division of Oral and Maxillofacial Surgery, and as Director of Residency Training at the University of Miami’s School of Medicine. Equally respected by peers and students alike, Dr. Garg was frequently recognized as Faculty Member of the Year by his residents.

Dr. Garg is the founder of Implant Seminars, the largest provider of dental implant continuing education in the country, and is considered one of the world’s preeminent authorities on bone biology, bone harvesting, and bone grafting for dental implant surgery. He has written eight books which have been translated into multiple languages.

As a highly respected clinician and educator, Dr. Garg has been a featured speaker at numerous domestic and international conventions and meetings including the American Academy of Periodontology, the American College of Oral and Maxillofacial Surgery, and many state and regional societies and associations. He has written over 100 scientific articles in journals around the world.

Dr. Garg continues to develop and refine many surgical techniques and devices that simplify dental implant surgery and make it more predictable. Arun is the current president of the International Dental Implant Association. His private practices are located throughout South Florida.
